**APPLICATION:** Floran Biodegreaser is a multifunctional product that can be sprayed, wiped, brushed or dipped. Floran Biodegreaser is a concentrated cleaner that can be used straight or diluted to clean practically all surfaces. The exact dilution of this concentrated product depends on the degree of accumulated soil and grime to be removed, usually 1:10 to 1:50. The product works best when diluted with warm or hot water. Rinse surface after degreasing. If possible, use hot water or steam.

**STORAGE:** Floran Biodegreaser should be stored in tightly closed containers and kept out of the reach of children.

**DISPOSAL:** Floran Biodegreaser should be disposed of according to local, state and federal regulations.

**SAFETY:** Floran Biodegreaser is environmentally friendly and free of the toxic chemicals that are commonly used in this type of application. It does not contain hazardous "butyl" solvents. It does not generate toxic or unpleasant fumes. Proper protective gear should be worn during applications.

**NSF/ANSI:** Standard 60 Certified – Other (Removal of residual grease from water storage tanks).
